What are Smartworking Summits?

Now in their 14th year, the truly unique award-winning Smartworking Summits are the only events to span all board functions, bringing together high calibre CEOs, CFOs, COOs, CIOs, CHROs, and Group Property and FM Directors to debate the changing nature of work and its far-reaching economic impact on corporate life under Chatham House rules.

New for 2016

New all day programme

Due to substantially increased demand for our Smartworking Summits, we have moved to a new all-day venue at St. Paul's, 200 Aldersgate, London

This allows the classic Smartworking Summit format throughout the morning followed by a choice of hot and cold lunch options.

The afternoons now feature a range of intimate round table sessions hosted by one or two speakers from the morning plus BIFM, CIPD, RICS, and This Week in FM.

The afternoon round table sessions allow you to explore specific challenges and dive deeper with like minded peers.

Who are Smartworking Summits for?

- Perfect for all interested in and charged with making decisions and investments about the changing nature of work –CEOs, CFOs, COOs, CIOs, CHROs, Group Property and FM Directors,
- Incomparable to any other event on the calendar, both in its scope and diversity,
- The only event where you can hear and share the learnings of the entire C-suite,

- Join 750 of your peers from leading FTSE 100/ Fortune 500 organisations to keep your finger on the pulse of change,
- The only event to conjoin BIFM, CIPD, and RICS behind a single programme.

Great pricing –great options

The cost for attending a single day-long Smartworking Summit is £225 plus VAT.

But, we are offering two attractive pricing packages;

- 4 people from the same organisation for the price of 3
- Booking on all three 2016 Summits attracts a 25% discount

New all day programme

For 2016, we have a fantastic new venue at St. Paul's 200 Aldersgate, London.

Providing exclusive all-day use, a 250 cabaret style seating capacity, and six breakout rooms with up to 75 person capacity

Places at our Summits are going extremely quickly consequently we strongly recommend you book places for yourself and your colleagues early to avoid disappointment.
